

PARTY LIKE IT'S 1899

Based in the riotous headquarters of a secret Victorian society, The Escapologist is styled as part gentlemen's club, part Masonic lodge, with an eccentric world of cocktails, mischief and late-night revelry.

Legend has it that in 1898, notorious party fiend and general vagabond Baron Von Took fled to London shrouded in scandal.

With little to his name but a talent for cunning, questionable behaviour and spectacular escapes, he battled from one day to the next, until his antics finally landed him a date with the gallows.

His final wish?

One last drink in Covent Garden.

Naturally, he escaped.

The days that followed were spent in hiding, rebuilding his power base and laying the foundations for what would eventually become The Escapologist.

More than a century later, the party continues.

Now, shall we have a drink?
